

VAN DE POL ENTERPRISES, INC. Since 1947

DICKEY PETROLEUM

Rathmann Oil Company

"Serving All of Your Petroleum Needs"

To whom it may concern:

My company has used the services of ITS for many years. As CFO for Van De Pol Enterprises, Inc. I have personally known and worked with Steven Kim and ITS for 3 years. During that time, ITS has performed several large communication projects for our company not only in Stockton, CA but in several distant locations in the San Joaquin Valley. ITS operates with impeccable ethics. They have given us solid advice as to our communication needs and, alternative solutions at varied price points. ITS has always met the timelines established and been willing to coordinate their work schedule with others involved in our projects. In addition, Steven has been onsite often during projects to ensure the work is performed to the standards he holds. For our communication needs, I would not consider using any other company.

Sincerely,

Scott MacEwan, CFO

Van De Pol Enterprises, Inc.
